# Bug Fixes for Accounting v13.2

- **13.2.1 Reporting**

- When using Detail Report Writer, month will not be required as a column when used as a condition for an amount column.

- **13.2.1 Journal Entry Imports**

- Corrected a rounding issue when completing journal entry imports.

- **13.2.1 Vendors**

- If vendors are imported and 'Require new vendor approval' is not checked under Settings > Accounts Payable > General Options, they import as approved.
